VOMARC Wednesday Night Net – Net Control Script

Pre-net (7:28 pm): This is [name], [call]. The Valley of the Moon Amateur Radio Club weekly net will begin in two minutes.

Welcome to the Valley of the Moon Amateur Radio Club Wednesday night net. This is [name], [call], net control station for tonight. Is there any urgent or emergency traffic for the repeater at this time?

This net meets weekly at 7:30 pm, with the exception of meeting night, which is the third Wednesday of each month. Club meetings are held at 7:30 pm at the City of Sonoma Police Station at 175 1st Street West. Information related to upcoming meetings is announced on this net, in the monthly newsletter, and on the club's website, vomarc.org.

The purpose of tonight's net is to discuss business and events related to the activities of the club as well as to foster discussion among its members. New members to the club are welcomed and encouraged. Anyone wishing more information on VOMARC should visit the club's website, vomarc.org, or may direct inquiries to the net control station.

Check-ins to the VOMARC net are taken according to the first letter following the number in your call sign. Member check-ins will be taken first, followed by visitor check-ins.

- At this time, stations with call sign suffix letters Alpha through Juliet may check in *(each check-in acknowledged);*
- Call signs with suffix Kilo through Romeo are invited to check in;
- And call signs Sierra through Zulu, please check in now;
- Any additional members, call sign suffix Alpha through Zulu, please check in.
- Are there any visitors on frequency who would like to check into the VOMARC weekly net?

At this time, we will request announcements from club officers present on tonight's net.

President - Don, KO6DXF (2026 officers shown)
Vice President - Ed, W1EJ
Secretary/Treasurer - Dave, KD6FIL
VE Liaison - Elizabeth, N6LY
Radio Officer - Mike, WB6TMH
Station Trustee - Darrel, WD6BOR
ACS Coordinator - TBA (request report as appropriate)

Are there any other stations on frequency with announcements for the net?

Are there any stations not previously acknowledged, either members or visitors, who wish to check in to tonight's net?

At this time we want to open it up to Q&A on topics related to the club, Amateur Radio or electronics in general. Does any station have a question they would like to pose for general discussion?

(Field any questions from stations and coordinate those who wish to respond. If no one has questions for the group the net control op can insert their own to generate participation.)

This concludes the Valley of the Moon Amateur Radio Club weekly net. The repeater is now returned to normal

use. Thanks to all who checked in. This is [name], [call], clear.

Some possible questions to ask if no other questions are posed (remove once asked):

- What's the lowest band on which you've made a contact?
- What mode have you made the most contacts with in the last year?
- Other than Ham Radio, what's your next most favorite hobby?
- What is/was your profession?
